INVESTMENT GUIDE

Hey there!

You're planning a day that feels relaxed, joyful and true to who you are. I'm here to document it exactly as it unfolds, the big moments, the quiet ones and everything in between.

This guide will walk you through my approach, what's included, and the collections I offer, so you can find the coverage that suits your day perfectly.

About Me

Before we dive in, it helps to know a little about the person who'll be with you for most of your wedding day.

I'm Jamie, husband to my best friend Michelle, dad to six, and dog dad to Barney the Labradoodle. When I'm not photographing weddings, we're usually out on long walks, camping, or enjoying a cosy night in with the kids.

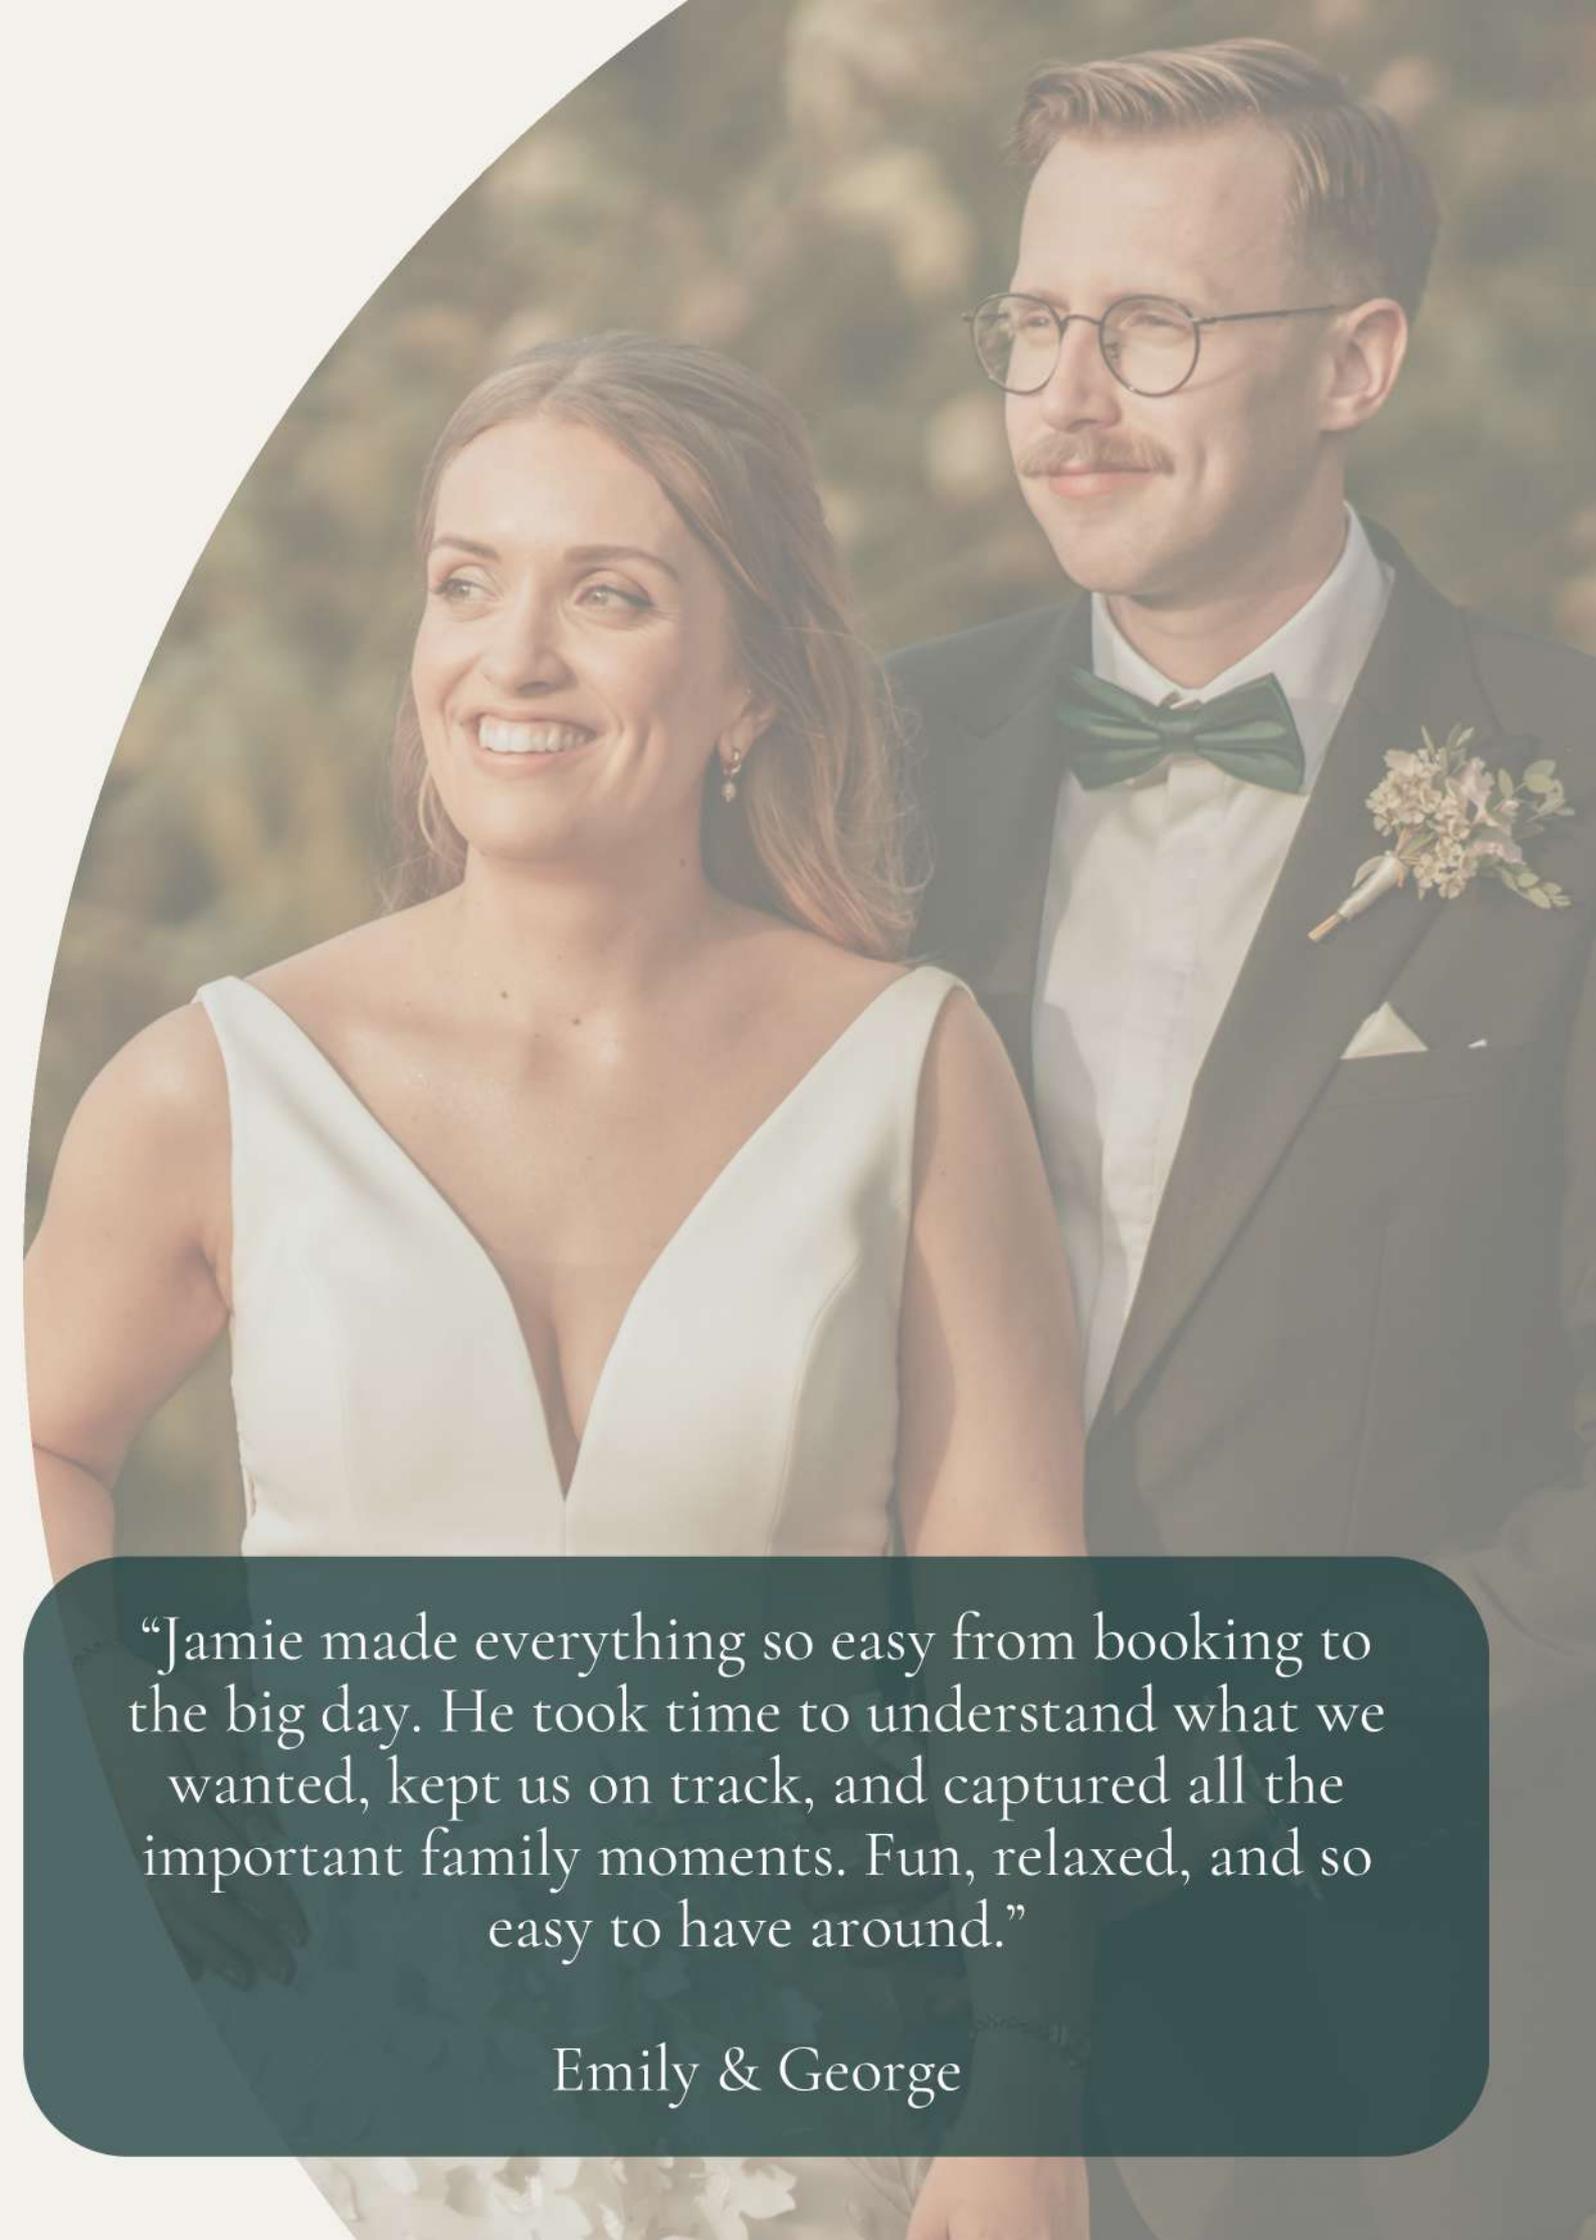

My approach to weddings is relaxed, warm, and very real. I like to blend in, keep things calm, and capture moments naturally as they unfold, the big emotions and the quiet in between ones too.

If you're ever unsure in front of the camera, don't worry. I'll gently guide you when needed, without anything stiff or awkward, so you can simply be yourselves and enjoy the day.

For me, it's about giving you the space to relax, stay present, and trust that your story is being captured honestly and beautifully.

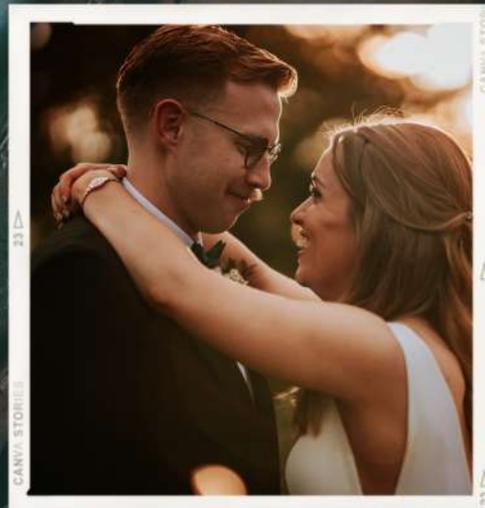

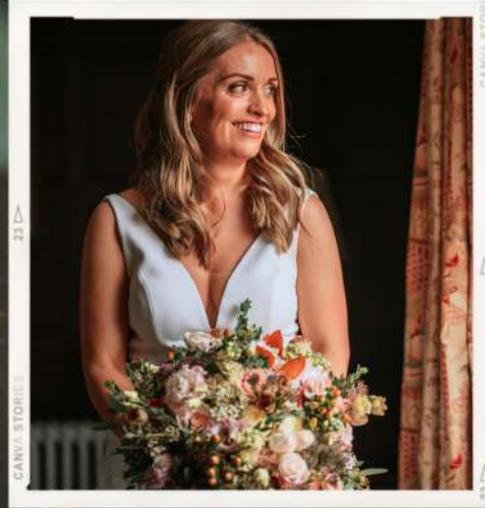

Jamie

“Jamie made everything so easy from booking to the big day. He took time to understand what we wanted, kept us on track, and captured all the important family moments. Fun, relaxed, and so easy to have around.”

What it's like to have me as your photographer

Your wedding day moves quickly. Full of feeling, energy, and quiet in between moments. My role is not to lead it or interrupt it, but to be there with you, steady and present, capturing it as it naturally unfolds.

From the moment I arrive, I focus on creating a calm, relaxed atmosphere. I work quietly, blending into the background, documenting the laughter, the nerves, the embraces, and the moments you never realise are happening until you see them again.

When it's time for portraits, I'll guide you gently and naturally. Nothing forced. Nothing awkward. Just simple direction that allows you to be yourselves.

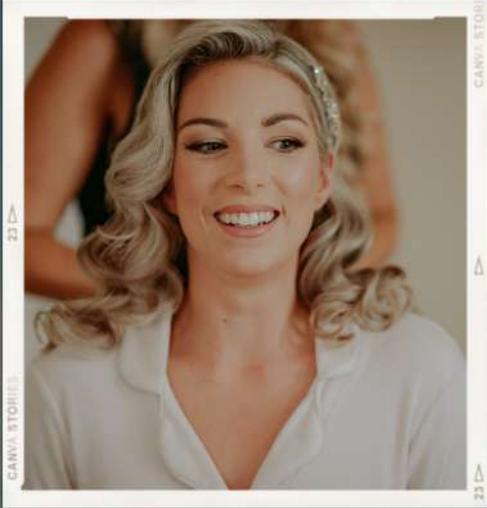

Couples often tell me it feels less like having a photographer there and more like having a trusted friend by their side. That is exactly how I want it to feel.

"Jamie's talent, calm presence, and attention to detail made our day unforgettable. He truly went above and beyond, and the photos captured moments we never even realised were happening.

We couldn't be happier with our wedding photos"

What to expect

Before your wedding, we'll have a relaxed pre-wedding consultation to talk through your plans and priorities, so everything feels familiar and considered laround 4-6 weeks before the day arrives.

I usually arrive around two to two and a half hours before your ceremony, starting with quiet photographs of your venue and any details you've set aside.

From there, I document the morning as it naturally unfolds, capturing final touches, genuine interactions, and those in-between moments you might not even notice.

As guests arrive and the ceremony begins, I focus on the atmosphere and emotion of the day. After the ceremony, I'll guide relaxed family and group portraits, with any must-have combinations planned in advance, keeping everything calm, easy, and unhurried.

I'll gently take the two of you aside for a short, relaxed couple portrait session.

This is always one of my favourite parts of the day. A chance for you to slow things down, breathe, and be together for a few quiet moments as a newly married couple. Nothing forced. Just you, as you are

From there, I continue to document the day as it naturally unfolds, capturing the laughter, connections, and in between moments you may not even realise are happening.

A few days after your wedding, I'll send you a small preview gallery so you can see some highlights straight away. Your full gallery, carefully edited in my signature style, will follow within 8 to 10 weeks via a private online gallery, ready to be revisited and shared whenever you like.

Investment

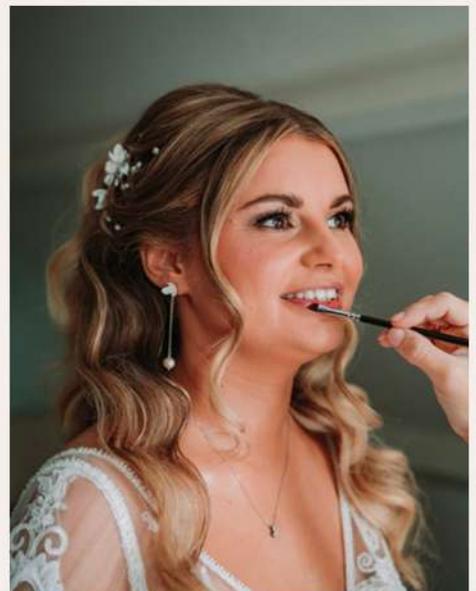

Choosing your wedding photographer is one of the most important decisions you'll make. Long after the day has passed, your photographs are what remain, quietly holding the moments, feelings, and memories you'll return to for years to come.

You'll spend more time with your photographer on your wedding day than almost anyone else, so feeling comfortable and at ease really matters.

My approach is relaxed and unobtrusive, allowing you to be yourselves and fully enjoy your day matching the vibe of your wedding.

You'll find my collections below. If my work resonates with you and you feel I could be the right fit to tell your story, I'd love to hear from you.

“We felt completely at ease
from start to finish”

Jamie was one of the best decisions we made for our wedding. He made us feel completely at ease from start to finish, and his calm, unobtrusive approach meant nothing ever felt forced.

Our photos captured the emotion, the small details, and so many moments we didn't even realise were happening. Looking through them felt like reliving the day all over again. We couldn't recommend him highly enough.

Frequently asked questions

HOW MANY PHOTOS ARE INCLUDED IN OUR GALLERY?

For a full-day wedding with one photographer, couples usually receive around 500–700 carefully edited images. The final number can vary depending on how much is happening on the day, but my focus is always on telling the story fully rather than hitting a set number.

CAN WE HAVE THE RAW FILES?

I don't provide RAW files, as they're unfinished working files and don't reflect the final look of your images. Your gallery is delivered fully edited in my signature style, carefully curated to tell the story of your day at its very best.

WILL YOU VISIT OUR VENUE BEFORE THE WEDDING?

If your venue is within around two hours of Essex, I'm happy to visit in advance where needed. If it's a new venue to me, I'll always arrive earlier on the day to get familiar with the space.

HOW MUCH IS THE DEPOSIT?

A 25% non-refundable deposit secures your date, with the final balance due one month before the wedding.

HOW LONG WILL IT TAKE TO RECEIVE OUR PHOTOS?

You'll receive a small preview gallery shortly after your wedding. Your full gallery is delivered within 8-10 weeks, carefully edited and ready to download and share.

DO YOU TRAVEL FOR WEDDINGS?

Yes, I'm based in Essex but regularly travel across the UK. Travel within a reasonable distance is included, with any extended travel discussed in advance so there are no surprises.

CAN WE REQUEST SPECIFIC PHOTOS OR FAMILY GROUPINGS?

Absolutely. Before the wedding, I'll ask for a short list of any must-have family or group photos. This helps keep everything organised and ensures nothing important is missed.

WHAT HAPPENS IF YOU'RE ILL OR UNABLE TO ATTEND?

In the very unlikely event that I'm unable to attend due to illness or unforeseen circumstances, any payments made would be fully refunded. I'll also do everything I can to help source a trusted replacement photographer of a similar style and standard, subject to availability.

WHAT HAPPENS IF IT RAINS ON THE DAY?

No problem at all. I'm experienced in working in all weather and will adapt plans as needed. I always suggest having a simple plan B, such as umbrellas or an indoor option, so everything stays relaxed whatever the weather brings.

WILL OUR PHOTOS BE SAFELY BACKED UP?

Yes. Your images are backed up multiple times. Where time allows, I back up all photos taken during the day while you're enjoying your wedding breakfast. On top of this, all RAW and edited files are securely backed up to the cloud, and your final edited gallery is delivered via a private online gallery for easy viewing and downloading.

DO WE HAVE TO PROVIDE YOU WITH A MEAL?

I don't require a formal sit-down meal, but some food and refreshments during the day are always appreciated to keep energy levels up, especially for longer weddings. This can be something simple, such as a supplier meal, access to the buffet, or a few canapés, whatever works best for you.

WILL OUR IMAGES BE USED FOR MARKETING?

I may share a selection of images on my website, social media, or other promotional platforms. This is never your full gallery, and I'm always respectful of personal or sensitive moments. If you'd prefer certain images — or all images — not to be shared, just let me know and your wishes will be fully respected.
