hello there!

At Le Beau Photography, I believe your wedding day should be captured with intention, heart, and care. I take the time to get to know each couple I work with, so your photos feel like you relaxed, genuine, and full of emotion.

Whether you're camera-shy, a little introverted or totally in your element, I create a calm, comfortable atmosphere where moments unfold naturally. From the big "I do" to the quiet in-between glances, I'm there to tell your story as it really happens.

Jamie

“Jamie made everything so easy from booking to the big day. He took time to understand what we wanted, kept us on track, and captured all the important family moments. Fun, relaxed, and so easy to have around.”

ENGAGEMENT *sessions*

An engagement shoot is the perfect way to capture this exciting chapter before the wedding, and it's also a chance for us to get to know each other better. We'll head to a location that feels like "you" whether that's a woodland walk, a beach at sunset, or even your favourite coffee spot.

The session is relaxed and fun, helping you both feel completely at ease in front of the camera before the big day. You'll come away with a set of natural, heartfelt images that celebrate your relationship — perfect for save-the-dates, your wedding website, or simply as memories to treasure.

How to dress

Choose outfits you feel comfortable and confident in. Neutral or earthy tones work beautifully, and it's best to avoid big logos or bold patterns. Aim to co-ordinate rather than match, and wear shoes you can easily move in. When you feel relaxed, it shows in the photos.

WHAT TO EXPECT

Booking your wedding photography should feel easy
and stress-free here's how it works:

CHECK AVAILABILITY

Get in touch to confirm your date. we can also arrange a
quick call to see if we're the right fit

SECURE YOUR BOOKING

A signed contract and booking fee locks me in for your day.

PLANNING TOGETHER

I'll send a simple questionnaire and we'll catch up before the
wedding to chat through timings and key details.

YOUR WEDDING DAY & BEYOND

I'll be there capturing everything naturally, from the big
moments to the in-between ones.

You'll receive a highlight gallery within 7 days and your full
gallery within 8–10 weeks.

WEDDING DAY

Tips

BEFORE THE CEREMONY

- Put on music you love — it sets the tone and keeps the morning calm.
- Get all your details (rings, jewellery, invites, perfume, shoes) ready in a box so they're easy to photograph.
- Have someone (best man, bridesmaid, parent) in charge of timings so you can just relax.

THE CEREMONY

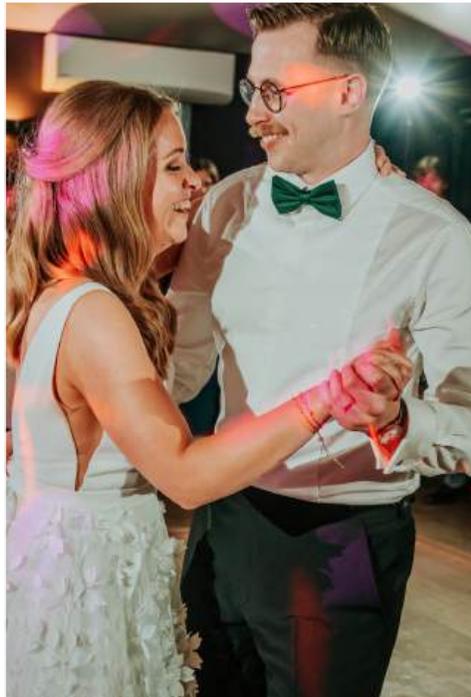

- Walk slowly — it gives you time to take it all in and makes for better photos.
- Hold hands, look at each other — those little moments are gold.
- Don't worry about the guests, focus on each other.

THE RECEPTION

- Plan for a big group photo of everyone straight after the confetti throw — it's fun, natural, and gets the formal shot done quickly.
- Nominate a helper for group shots to round people up fast.
- If the weather plays ball, golden hour portraits are always worth it.

THE PARTY

- Hit the dance floor early — your guests will follow.
- Don't stress about the camera — the best shots happen when you forget it's there.
- Enjoy every second — the night flies by faster than you think.

lets connect
